HOW TO MEASURE

#1 The first step is to send your designs through to us, screenshots, word docs, paper mache. Whatever it is you're comfortable with just make sure it's visual or you have a reference image with your notes. (we don't like to work from words as they can be hard to interpret) This stage normally involves some back and forth and editing.

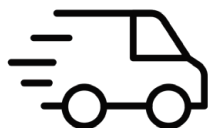

#2 Once you're happy with the design, send through your nicknames and sizes on an excel spreadsheet. Tips: do this while we work on your design, and if you're feeling nice please group the nicknames by sizes...please? **Don't forget to also include a contact name, number and delivery address for the order**

#3 A final proof with your finalised artwork will be sent back and this will include a page with all the nicknames and sizes. Please check all names and sizes are correct. An invoice will also be sent - this must be **paid in full before production**

All orders must be **paid before Friday September 25.**
No orders accepted after cutoff

#4 Now just sit back and wait, you will receive an email receipt meaning your order is in production. Don't worry if you don't hear from us in the next few weeks it can take minimum 6 weeks for the order to be ready. We will contact you if there are any delays. *For all regional deliveries, you will receive AusPost Tracking*

Have a question - please contact brennan@rallypoint.com.au or fill out our contact form on our website.

Maybe we can answer a few here??

Can you create something from an image or sketch?

Yes - we work best off a visual, whether its a collage, sketch, a scribble over a screenshot. We will work with you to make sure we are creating the design you have in mind and to match your design as close as possible.

Is it extra to have different nicknames or design elements, like a snapchat QR on different guernseys?

Hooray for your pocket - no. There is a one price per item with our guernseys. So get creative and decorate!

\$50 - waste.
